## **Independent Auditor's Report**

Board of Directors  
StoneRidge Community Facilities District  
Town of Prescott Valley, Arizona

### **Report on Audit of Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities and major fund of StoneRidge Community Facilities District (District), a component unit of the Town of Prescott Valley, Arizona, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the StoneRidge Community Facilities District as of June 30, 2021, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### ***Other Matters***

#### *Required Supplementary Information*

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

## Balance Sheet

June 30, 2021

### ASSETS

Restricted assets - cash and cash equivalents	\$	709,644
Accounts receivable		13,017
Due from other funds		14,465
Total assets	\$	<u>737,126</u>

### LIABILITIES AND FUND BALANCE

#### Liabilities:

Advance from Town	\$	856,286
Total liabilities		<u>856,286</u>

#### Fund balance:

Unassigned		<u>(119,160)</u>
Total fund balance		<u>(119,160)</u>

Amounts reported for governmental activities in the statement of net position are different because:

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.

Bonds payable		(5,715,000)
Deferred charge on refunding		220,719
Net position of governmental activities - statement of net position	\$	<u>(5,613,441)</u>

The notes to the financial statements are an integral part of this statement.

**StoneRidge Community Facilities District**  
**Statement of Revenues, Expenditures and Changes in Fund Balance**  
For the Year Ended June 30, 2021

---

<b>REVENUES</b>	
Property taxes	\$ 644,806
Facility rental	168,609
Total revenues	<u>813,415</u>
<b>EXPENDITURES</b>	
Administrative charges	12,695
Debt service:	
Principal payment	460,000
Interest and fiscal charges	237,800
Total expenditures	<u>710,495</u>
Excess of revenues over (under) expenditures	102,920
Fund balances - beginning	<u>(222,080)</u>
Fund balances - ending	<u><u>\$ (119,160)</u></u>

The notes to the financial statements are an integral part of this statement.

**StoneRidge Community Facilities District**  
**Reconciliation of the Statement of Revenues, Expenditures and**  
**Changes in Fund Balances of Governmental Funds**  
**to the Statement of Activities**  
For the Year Ended June 30, 2021

---

Net change in fund balances - governmental fund type	\$	102,920
Amounts reported for governmental activities in the statement of activities are different because:		
Issuance and repayment of long-term debt is a revenue and expenditure in the governmental funds, but the issuance and repayment reduces long-term liabilities in the statements of net position. In the current period, these amounts are:		
Principal payments on debt		460,000
Amortization on outstanding debt		(24,525)
Changes in net position of governmental activities	<u>\$</u>	<u>538,395</u>

The notes to the financial statements are an integral part of this statement.

## StoneRidge Community Facilities District

### NOTES TO FINANCIAL STATEMENTS

#### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

##### A. Financial Reporting Entity

The StoneRidge Community Facilities District (District) was created by SunCor Development as a special purpose community facilities district pursuant to state law on July 26, 2001. On July 26, 2001, the Town Council adopted Resolution No. 1031 forming the District. On October 4, 2001, the District board adopted Resolution No. 1 which organized the District with the purpose to assist in financing necessary on and off-site infrastructure and public improvements.

The Town Council serves as the District's board of directors. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 39 – *Determining Whether Certain Organizations are Component Units*, the District financial statements are reported in the Town's financial statements for the year ended June 30, 2021, using the blended method.

The financial statements of the District conform to generally accepted accounting principles as applicable to governmental units. The District applies all relevant GASB pronouncements.

##### B. Basis of Presentation

###### Fund Accounting

The accounts of the District are organized and operated on the basis of funds and account groups, each of which is considered to be a separate accounting entity. The District operates a general fund. The operations of the fund are accounted for by providing a separate set of self-balancing accounts comprised of the fund's assets, liabilities, fund equity, revenues and expenditures. The minimum number of funds is compliant with legal and managerial requirements.

###### General Fund

The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

###### Government-Wide and Fund Financial Statements

The government-wide financial statements (e.g. the *statement of net position* and the *statement of activities*) report information on the primary government and its component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District does not have any business-type activities.

The *statement of activities* demonstrates the degree to which the direct expenses are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

##### C. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes, where applicable, are recognized as revenues in the year for which they are levied.

## StoneRidge Community Facilities District

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers property tax revenues to be available if they are collected within sixty (60) days of the end of the current fiscal period. All other revenues are considered to be measured and available when the District receives cash. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due.

### **D. Property Tax Calendar**

The County Treasurer is responsible for collecting property taxes for all government entities within the county. The county levies real and personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May.

Pursuant to Arizona statutes, a lien against assessed real and personal property attaches on the first day of January preceding assessment and levy; however according to case law, an enforceable legal claim to the asset does not arise.

### **E. Budgets and Budgetary Accounting**

The District is not required to adopt an annual appropriated budget, but adopts a budget for management purposes only, therefore, no budgetary comparison is required.

### **F. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance**

#### **Cash and Cash Equivalents**

Arizona statutes require that public deposits of more than \$100,000 meet several specific requirements. Deposits of less than \$100,000 are subject only to local ordinance or resolution. Generally, the state statutes allow investments in certain certificates of deposit, interest bearing savings accounts in qualified banks and savings and loan institutions, repurchase agreements with maximum maturity of thirty (30) days, and pooled investment funds established by the State Treasurer. Other investments include obligations of the U.S. Treasury, U.S. Government agencies, bankers' acceptances and mutual funds.

The District records bond activity and maintains a bank checking account.

#### **Restricted Assets**

District bond assets as well as certain resources set aside for bond repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants.

#### **Property and Equipment and Long-Term Obligations**

The District has no capital assets. All capital assets acquired by the District are donated to the Town. The Town is responsible for maintaining the improvements.

Long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position. Bond premiums and discounts, as well as the difference between the reacquisition price, and the net carrying amount of the old debt, are deferred and amortized over the life of the bonds using the straight-line method. Bond issuance costs are expensed.

## StoneRidge Community Facilities District

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

### **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position may report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditures) until then.

In addition to liabilities, the statement of financial position may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time.

### **Accumulated Compensated Absences**

No liability for accumulated compensated absences existed at June 30, 2021.

### **Fund Equity**

In the fund financial statements, governmental funds report a restriction of fund balance for amounts that are legally restricted by outside parties for a specific purpose. For the fiscal year ended June 30, 2021, the District had a deficit fund balance of \$119,160.

## **II. DETAILED NOTES**

### **A. Cash and Cash Equivalents**

#### **Deposits**

At June 30, 2021, the carrying amount of the District's deposits was \$709,644, and the bank balance was \$709,644.

#### **Custodial Credit Risk – Deposits**

Custodial credit risk is the risk that in the event of a bank failure, the entity's deposits may not be returned to it. As of June 30, 2021, the District's deposits were covered by federal depository insurance or by the collateral held by the District's agent or pledging financial institution's trust department or agent in the name of the District, and thus had no deposits that were exposed to custodial credit risk.

### **B. Receivables**

Receivables at yearend for the District are \$13,017.

### **C. Inter-Fund Balances**

*Due To/From.* "Due from other funds" balance in the amount of \$14,465 represents the amount of *ad valorem* tax that was received by the Town in June 2021, but was not transferred to Stoneridge CFD as of June 30, 2021.

*Advances.* With the downturn in the housing market in 2008, the secondary assessed value for the District was severely affected. As a result, the District did not generate sufficient *ad valorem* taxes to cover operating expenditures incurred within the District. The Town has advanced funds to the District to cover these costs. Due to increase in the secondary assessed value, the District has begun repaying the Town.

## StoneRidge Community Facilities District

### D. Debt

On June 11, 2013, StoneRidge Community Facilities District General Obligation Bonds, Series 2001 were refinanced resulting in a reduction of its total debt service payments over eighteen (18) years by \$7,176,682 and to obtain a present value cash flow savings of \$6,362,766 (includes developer deposit of \$2,960,000, bankruptcy settlement earnings of \$1,358,436 and a developer contribution of \$100,000) and net present value savings of \$1,804,184.

\$8,540,000 StoneRidge Community Facilities District General Obligation Refunding Bonds, Series 2013, is due in annual payments of \$330,000 to \$680,000 through July 15, 2030, with interest at 4.00% per annum (payable from revenues generated through an *ad valorem* tax assessed against the properties located within the boundaries of the District).

Changes in Long-Term Liabilities:

Balance 6/30/2020	Increases	Decreases	Balance 6/30/2021	Due Within One Year
\$6,175,000	\$ -	\$ 460,000	\$5,715,000	\$ 475,000

Debt Service requirements to maturity are as follows:

Fiscal Year Ending	Principal	Interest
2022	\$ 475,000	\$ 219,100
2023	495,000	199,700
2024	515,000	179,500
2025	535,000	158,500
2026	555,000	136,700
2027-2031	3,140,000	323,800
	\$5,715,000	\$1,217,300

The District has the authority to issue general obligation bonds in an aggregate principal amount not to exceed \$33,000,000. On June 11, 2013, the District board stated they will not approve the issuance of any additional general obligation bonds at this time and the developer concurred. An election was held by registered voters of the District on April 8, 2014, to decide whether or not the remaining authority of unissued bonds should be rescinded. The vote was ninety-five per cent (95%) in favor of rescinding the remaining authority of unissued bonds.

### III. **OTHER INFORMATION**

#### A. Contingent Liabilities

In the ordinary course of conducting its operations, the District is involved in various legal matters. The District's legal counsel reports on the cases pending against the District. These matters are in various stages and the impact, if any, is not currently determinable. The District's management does not believe that any of these matters would have a material impact on the financial statements.

#### B. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omission; injuries to employees; and natural disasters for which it carries commercial insurance. The District also carries commercial insurance for all other risks of loss, including workers' compensation and employee health and accident insurance.

*StoneRidge Community Facilities District*

**C. Subsequent Events**

On June 24, 2021, the District approved a property tax rate decrease from \$2.25 per \$100 of secondary assessed value to \$2.12.
