StoneRidge Community Facilities District

NOTES TO FINANCIAL STATEMENTS

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Financial Reporting Entity

The StoneRidge Community Facilities District (District) was created by SunCor Development as a special purpose community facilities district pursuant to state law on July 26, 2001. On July 26, 2001, the Town Council adopted Resolution No. 1031 forming the District. On October 4, 2001, the District board adopted Resolution No. 1 which organized the District with the purpose to assist in financing necessary on and off-site infrastructure and public improvements.

The Town Council serves as the District's board of directors. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 39 – *Determining Whether Certain Organizations are Component Units*, the District financial statements are reported in the Town's financial statements for the year ended June 30, 2022, using the blended method.

The financial statements of the District conform to generally accepted accounting principles as applicable to governmental units. The District applies all relevant GASB pronouncements.

B. Basis of Presentation

Fund Accounting

The accounts of the District are organized and operated on the basis of funds and account groups, each of which is considered to be a separate accounting entity. The District operates a general fund. The operations of the fund are accounted for by providing a separate set of self-balancing accounts comprised of the fund's assets, liabilities, fund equity, revenues and expenditures. The minimum number of funds is compliant with legal and managerial requirements.

General Fund

The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Government-Wide and Fund Financial Statements

The government-wide financial statements (e.g. the *statement of net position* and the *statement of activities*) report information on the primary government and its component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District does not have any business-type activities.

The *statement of activities* demonstrates the degree to which the direct expenses are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

C. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes, where applicable, are recognized as revenues in the year for which they are levied.

StoneRidge Community Facilities District

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers property tax revenues to be available if they are collected within sixty (60) days of the end of the current fiscal period. All other revenues are considered to be measured and available when the District receives cash. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due.

D. Property Tax Calendar

The County Treasurer is responsible for collecting property taxes for all government entities within the county. The county levies real and personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May.

Pursuant to Arizona statutes, a lien against assessed real and personal property attaches on the first day of January preceding assessment and levy; however according to case law, an enforceable legal claim to the asset does not arise.

E. Budgets and Budgetary Accounting

The District is not required to adopt an annual appropriated budget, but adopts a budget for management purposes only, therefore, no budgetary comparison is required.

F. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance

Cash and Cash Equivalents

Arizona statutes require that public deposits of more than \$100,000 meet several specific requirements. Deposits of less than \$100,000 are subject only to local ordinance or resolution. Generally, the state statutes allow investments in certain certificates of deposit, interest bearing savings accounts in qualified banks and savings and loan institutions, repurchase agreements with maximum maturity of thirty (30) days, and pooled investment funds established by the State Treasurer. Other investments include obligations of the U.S. Treasury, U.S. Government agencies, bankers' acceptances and mutual funds.

The District records bond activity and maintains a bank checking account.

Restricted Assets

District bond assets as well as certain resources set aside for bond repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants.

Property and Equipment and Long-Term Obligations

The District has no capital assets. All capital assets acquired by the District are donated to the Town. The Town is responsible for maintaining the improvements.

Long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position. Bond premiums and discounts, as well as the difference between the reacquisition price, and the net carrying amount of the old debt, are deferred and amortized over the life of the bonds using the straight-line method. Bond issuance costs are expensed.

StoneRidge Community Facilities District

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position may report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditures) until then.

In addition to liabilities, the statement of financial position may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time.

Accumulated Compensated Absences

No liability for accumulated compensated absences existed at June 30, 2022.

Fund Equity

In the fund financial statements, governmental funds report a restriction of fund balance for amounts that are legally restricted by outside parties for a specific purpose.

II. DETAILED NOTES

A. Cash and Cash Equivalents

Deposits

At June 30, 2022, the carrying amount of the District's deposits was \$762,901, and the bank balance was \$762,901.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the entity's deposits may not be returned to it. As of June 30, 2022, the District's deposits were covered by federal depository insurance or by the collateral held by the District's agent or pledging financial institution's trust department or agent in the name of the District, and thus had no deposits that were exposed to custodial credit risk.

B. Receivables

Receivables at yearend for the District are \$12,748.

C. Inter-Fund Balances

Advances. With the downturn in the housing market in 2008, the secondary assessed value for the District was severely affected. As a result, the District did not generate sufficient *ad valorem* taxes to cover operating expenditures incurred within the District. The Town has advanced funds to the District to cover these costs. Due to increase in the secondary assessed value, the District has begun repaying the Town.

StoneRidge Community Facilities District

D. Debt

On June 11, 2013, StoneRidge Community Facilities District General Obligation Bonds, Series 2001 were refinanced resulting in a reduction of its total debt service payments over eighteen (18) years by \$7,176,682 and to obtain a present value cash flow savings of \$6,362,766 (includes developer deposit of \$2,960,000, bankruptcy settlement earnings of \$1,358,436 and a developer contribution of \$100,000) and net present value savings of \$1,804,184.

\$8,540,000 StoneRidge Community Facilities District General Obligation Refunding Bonds, Series 2013, is due in annual payments of \$330,000 to \$680,000 through July 15, 2030, with interest at 4.00% per annum (payable from revenues generated through an *ad valorem* tax assessed against the properties located within the boundaries of the District).

Changes in Long-Term Liabilities:

<u>Balance 6/30/2021</u>	<u>Increases</u>	<u>Decreases</u>	<u>Balance 6/30/2022</u>	<u>Due Within One Year</u>
\$5,715,000	\$ -	\$ 475,000	\$5,240,000	\$ 495,000

Debt Service requirements to maturity are as follows:

Fiscal Year	Principal	Interest
<u>Ending</u>	<u>Principal</u>	<u>Interest</u>
2023	\$ 495,000	\$ 199,700
2024	515,000	179,500
2025	535,000	158,500
2026	555,000	136,700
2027	580,000	114,000
2028-2031	2,560,000	209,800
	<u>\$5,240,000</u>	<u>\$ 998,200</u>

The District has the authority to issue general obligation bonds in an aggregate principal amount not to exceed \$33,000,000. On June 11, 2013, the District board stated they will not approve the issuance of any additional general obligation bonds at this time and the developer concurred. An election was held by registered voters of the District on April 8, 2014, to decide whether or not the remaining authority of unissued bonds should be rescinded. The vote was ninety-five per cent (95%) in favor of rescinding the remaining authority of unissued bonds.

III. OTHER INFORMATION

A. Contingent Liabilities

In the ordinary course of conducting its operations, the District is involved in various legal matters. The District's legal counsel reports on the cases pending against the District. These matters are in various stages and the impact, if any, is not currently determinable. The District's management does not believe that any of these matters would have a material impact on the financial statements.

B. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omission; injuries to employees; and natural disasters for which it carries commercial insurance. The District also carries commercial insurance for all other risks of loss, including workers' compensation and employee health and accident insurance.

StoneRidge Community Facilities District

C. Subsequent Events

On June 23, 2022, the District approved a property tax rate decrease from \$2.12 per \$100 of secondary assessed value to \$2.02.
